

2010 INDIVIDUALLY PRICED PROPERTIES

Big properties

The rentals displayed on this page are per week for our larger properties from the date specified; where 'change-over days' are other than Saturdays, the rental from the nearest Saturday applies. Prices are in £ and include VAT. Read across the row to the appropriate column to find the rental for a particular date. Mid-week breaks are available, please ask us.

At Easter, Spring Bank Holiday, and during the High Season and at Christmas/New Year the figure displayed in the white columns is the rental irrespective of the number in your party (not exceeding the maximum the property will accommodate). *The exceptions are **Brimpts Barn and Battisborough**, where additional people are charged at all times. However, at all other times of the year the rental displayed is for the number of people indicated after the property's name. Each person in your party in excess of that number is charged for at a pro rata rate. To calculate this rate, divide the rental listed by the number following the property's name.

E.g. Lillycombe (F501) for 10 on 2 Jan is £698; if your party is of 11 people, the additional person is £698 ÷ 10 = £69.80. The total rental for 11 is therefore £698 + £69.80 = £767.80

We price larger properties in this way to make them affordable for smaller parties at less popular times of the year. If you have any problems working out the correct price for a property at any time of the year, please call us and we will take you through the calculations.

2010 PRICE LIST

How the price lists work

Rentals are per property from the dates specified; where 'change-over days' are other than Saturdays, the rental from the nearest Saturday applies. All prices are in pounds sterling and include VAT.

Single price bands

£ F

Where there is a single blue box with a letter or letters in it at the end of the property's description, find the appropriate letter code in the left-hand column of the price list (see right) and follow the row along until you reach the relevant date column. That is the rental, irrespective of whether the column is blue or white.

Dual price bands

£ F G

Where there are two boxes (one blue, one white) with letters in them at the end of the property's description, the white box applies to the dates in the white columns in the price list - Spring Bank Holiday, High Season, Christmas and New Year. At all other times of the year the blue box applies.

Price bands with numbers

£ P7

Where you see a box with a number following the price code letter, the rental quoted in the price list is for that number of people, or less. Each person in excess of the number is charged for, pro rata, at a per person rate. To calculate them, divide the rental by the number following the letter(s) in the box, multiply the result by the number of people in your party. If you need help, call us.
